

Wed Night 10:30

Dear Vicki and Jimmy,

We just got home from the Swedish class and it is raining hard.

Your letter came today and I read the brochure and the trip sounds just fabulous. I do hope you will have warm clothes. Your ski clothes would probably be good and don't you think the light-weight underwear like you wear under ski clothes would be good to wear when you are sightseeing.

Thanks for the check. Now I "insist" that you keep the 200 dollars that you probably would send in Dec. Mark it off as paid. I don't care how much money you have, I want you to use it for your trip or whatever. Dad is reading the brochure now and he also thinks it is quite a trip. I hope the book I sent has arrived by now.

Tomorrow I am going to Greenlaw with Aunt Stella. We are going to Aunt Ruth's to get your Lionel Train.

back Jim. You were five years old when we bought it. Vicki you were interested in seeing some of Jim's toys when he was little. I am sick about not having all his little cars and trucks but I will send the train. When we moved out here I just left too much behind. The train is a collectors item now and Collectors are looking all over for that type.

One of the office girls is having a wine tasting party Saturday Night. I get kind of a kick out of it as she is inviting her three bosses - Phil Stewart, Dad, and Roy Moyer. It should be fun.

Mike is still hobbling around. A strained ligament seems to heal slowly. He has been staying on his diet.

I will call you soon. Lots of times I decide to call and then with the three hour difference in time I am afraid it is too late then.

Love,
Mona
